

《An Evaluation Report on Third Path Man Services - Batterers Intervention Program 2007》

Introduction: This Evaluation Report summarizes the effectiveness of the Third Path Man Services – Batterers Intervention Program by assessing the changes in the service users after receiving the intervention programs between December 2000 and February 2004. On top of highlighting the theoretical model and positive outcomes of the Program, the Report provides contributive recommendations to NGOs which are working on batterers intervention programs for reference.
